

- **Our Garden** is among the **major programs** by the MBPJ Landscape Department which emphasizes community involvement.
- It provides a platform to build a **caring society** by empowering the residents.

Kebun Kita

ECONOMY

To address the rising prices of essential goods by promoting the production of various types of crops for daily use.

SOCIAL

To ensure that idle areas are fully utilized, thus creating a safe and good environment within the community.

EDUCATION

To be used as a place of learning out of the classroom to children to recognize the types of vegetables or food plants and to know how they are produced.
